SETTLE IN FOR THE SHOW

You're comfortably tucked into a leather trimmed 8-way power-adjustable seat, a 3.7L V6 engine purring while you move around each corner with the ease of an MX-5. The four-wheel independent suspension giving a ride that's as smooth as the sounds drifting out of the 277W 10-speaker BOSE® audio system. You reach out a finger to tweak the three-zone climate control, glance in the rear vision mirror and catch a glimpse of... 5 other faces. Ah, that's right, the Mazda CX-9 has 7 seats too. That's handy.

SEVEN SEAT COMFORT, FIVE STAR LUXURY

The new Mazda CX-9 is all the luxury you ever needed, wrapped up in a striking design that's impossible to ignore. Add in a huge range of safety features including; Anti-lock Braking (ABS), Dynamic Stability Control (DSC), Traction Control (TCS), Roll Stability Control (RSC), Front, Side and Full-Length Curtain SRS Airbags, as well as an extremely strong body shell with 'Triple H' construction and you have a terrific family car that can handle anything. But remember, its only a family car when they're in it, the rest of the time it's all about you. For more information, go to mazda.co.nz or see your Mazda dealer - with or without 6 others.
